

Faithful To Me
CCLI #7067903

Looking through the years of my life to find You're faithful to me
And I'm learning how to lean upon the blood You gave that rescues and receives
So I let Your life inside of me be the light that leads me on my way
So lead me, lead me

Cause I believe in You and I place my trust in You
And I lay my heart my life my all
Before Your throne of mercy
That You've greatly shown to me
And I can stand upon Your promise
That You are faithful to me

Thinking that I've traveled long enough to know that I just don't belong
Cause this old world has found it's way of turning tender hearts You gave to stone
So Lord I need to hear Your voice
Lord I need to know just where to go
So lead me, lead me
